

Coronado Woman's Club Coroscope

January 2015 Issue 56

Presidents' Message:

As we begin our new year, it is a great time to evaluate what is working for our club and what we can improve. We are trying out a new venue for the February meeting, Vigilucci's, just to see if there might be a better fit out there for our lunchtime meetings. We can't thank enough the members that work behind the scenes to raise money at our shredding events, feed the women at Rachel's house, and serve on your board of directors. You keep the goals of our club going and set an example for all of us on how to serve each other and our community. We are expanding our service opportunities for members, please volunteer to be on the nominating committee, chair or work the CWC Flower Show Section, or participate in our Birthday celebration. We are looking forward to seeing all of you to celebrate our birthday if not before.

Yours in friendship,
Pat Cooley and Carrie Downey

Nominating Committee: It's that time again. Your club needs to nominate a new board of members to help direct the club in the future. If you are willing to serve on the Committee please call, 507-3603, or email Carrie. If you already know you would like to serve on the board of directors next year, let her know that, too. We will be taking nominations for the Nominating Committee from the floor at February's meeting; let Carrie know before if you are unable to attend. She will then place your name in nomination for a vote by the members.

March Birthday Meeting: Ladies, our club turns 68 in March. We joined the General Federation of Women's Clubs in March 1947. Coincidentally we have members celebrating substantial birthdays this year, and our own City will be turning 125. 1890 is the same year the General federation of Women's Clubs was established. We have a lot to celebrate in March! To honor those milestones we are asking all members to try to attend. We will let you know where the meeting will be held soon, once we have found the right restaurant with enough capacity.

Flower Show – April 18th & 19th - News: CWC has been in charge of the Section B Container Grown Plants which is part of Division 1 Horticulture, for many years. Jerry Coziahr has chaired with assistance from many other members for the last several years but she will be out of town and unable to chair this year. She says the job involves four days of a few hours each day on April 16th and 17th plus signing up volunteers to help each day. She has a box of supplies to explain the process. We are in need of someone to chair our section. There will be ample folks to help and sign up for shifts. In the past we have had volunteers from the High School National Honor Society help during check in to lift and move plants, so it really is a group effort. If you are able to help your club, the Coronado Flower Show and your community, please call or email Pat Cooley at 435-8227.
